

British Riding Clubs Update

Summary of COVID-19 Restrictions in each Nation

06.01.2021

(Updates appear in red)

The following table shows BRC's current interpretation of the most recent government guidance and is subject to change, as and when government advice is updated.

Isle of Man, Jersey and Guernsey

These guidelines must be read in collaboration with your own government guidance at the time. This may alter some of the guidance, i.e. numbers allowed to meet in groups or distance for permitted travel.

Officials and Volunteers

It should be noted that in areas where there are travel restrictions in place, voluntary roles are not considered to be essential travel as they are not for the primary purpose of work.

In England

From 5 January England is in another national lockdown. This means that no BRC activity will be permitted during this time. The only exception to this is virtual activities, such as virtual dressage competitions.

In Scotland

From 4 January a Scotland mainland lockdown has been implemented. This means that no BRC activity will be permitted during this time, apart from the following exceptions:

- Virtual activities, such as virtual dressage competitions
- Children under the age of 12 years can meet outdoors for sport, exercise or recreational and do not count towards the total number of people permitted to gather outdoors, which is a maximum of 2 people from up to 2 separate households (12 years or over). Children under 12 years can therefore take part in non-contact group activity. In such circumstances the number of coaches involved must not exceed household limits i.e. maximum of two for any given session.

Island areas who remain in Tier 3, are still permitted to continue with BRC activities as detailed in the last update dated 21.12.20.

First Aid Qualifications

In line with a recent HS announcement, the deadline for requalifying if you have a volunteer first aider with either an Emergency First Aid or First Aid at Work certificate, has been extended. For all BRC activities, these certificates that expired after 16 March 2020 can remain valid until 31 October 2020 or 6 months from the date of expiry, whichever is later. All requalification training for these certificates should be completed by 31 March 2021.
